

Leading our nation's digital future

The Scotland 5G Centre

Vision & Mission

Our Partners

The
Scotland
5G Centre

Vision

The National Platform accelerating the adoption of 5G whilst realising its economic and societal potential for Scotland.

Mission

- **Scottish focus:** ensuring Scotland's priorities, global opportunities and challenges are addressed to maximum benefit
- **Presence:** providing a national focal point for all aspects of 5G
- **Knowledge Exchange:** Identifying, establishing and disseminating best practice in addressing 5G's challenges
- **Capacity & Capability:** Facilitating collaboration to open pathways to markets, know-how & funding
- **Promotion:** Supporting Scotland's ability to build scalable partnerships, attract inward investment and demonstrate extended deployment
